PROFILE

Motivated undergraduate student of the University of Westminster (IIT), majoring in Computer Science with the second year, knowledgeable with Java, Python, SQL, and Excel. I am also on the hunt to find a data analytics or credit risk internship in which I can put these underlying skills into practice.

In addition, I am deeply interested in cybersecurity and aim to further explore and grow within this field, building expertise in security practices, risk assessment, and data protection as part of my long-term career development.

PROJECTS

Team Member

Software Development Group Project

SEPTEMBER 2025 - PRESENT

- Currently working on a team on developing a Civic Engagement Platform application where citizens can report issues like potholes, poor waste management or damaged infrastructure with photos and location data.

Team Member

Web Designing and Development Project

(JUNE - JULY) 2025

- Currently working on a team on developing a Civic Engagement Platform application where citizens can report issues like potholes, poor waste management or damaged infrastructure with photos and location data.

Personal Task Manager

(MARCH - MAY) 2025

- Created a task manager application in Python that allows users to Create, Read, Update, and Delete tasks.
- Built a Tkinter-based graphical user interface so users can carry out these actions through an easy-to-use GUI instead of the Python console.

EDUCATION

University of Westminster, UK

- BSc (Hons) Computer Science Undergraduate.

2025 - 2028

Informatics Institute of Technology

- Foundation Programme

2024 - 2025

Mahinda Rajapaksha College

- Completed O/L's and A/L's

2015 - 2024

CERTIFICATIONS

Advanced Python (2018)

Provides intermediate level of python training

MAY 2025

Python Data Analysis (2020)

Covers the essential concepts of handling data structures in Python.

MAY 2025

SKILLS

Technical Skills

- Database: SQL Queries, Design
- Programming: Python, Java, SQL, JavaFX
- Web Development: HTML, JavaScript, CSS

Soft Skills

- Leadership
- Adaptability
- Communication
- Team work
- Critical thinking
- Creativity

LANGUAGES

- English
- Sinhala
